

## DEATH LIST OF THE WEEK

## MRS. CICERO W. STONER DIES SUDDENLY.

Mrs. Guillouma Dies in Ohio—Had An Interesting Experience During Battle Here.

EMMA LOUISA STONER, wife of C. W. Stoner, died in her apartment at the residence of Marshall Eck, on Chambersburg street, about midnight on Thursday night. While Mrs. Stoner has been in declining health for some time, death came suddenly, passing away in five minutes' time. She was in her 75th year. Her maiden name was Miss Emma Louisa Culp, a daughter of the late Mr. and Mrs. Daniel Culp, whose home for many years was the house adjoining the Court House on South. About thirty six years ago she married C. W. Stoner, who survives her, with a step son, Dr. Harvey Stoner, of Baltimore. Funeral will be on Monday afternoon with interment in the Evergreen Cemetery.

MRS. ANNA GUILLIUMA died at her home at Kenmore, O., aged 81 years, 7 months and 1 day. She was a sister of Mrs. H. H. Hershey, of York Springs. She had an interesting history. She was a daughter of the late Peter Homer, of near Heidlersburg. When a young woman she came to Gettysburg and was living with the family of Prof. Sheaffer when the great battle occurred and enjoyed telling of her experiences in the retreat of the first day and events of later days. Prof. Sheaffer's home was turned into a hospital and it was here that Mrs. Guillouma took care of wounded soldiers, taking care of Colonel Fairchild, of the Second Wisconsin Regiment. She had the honor of serving General Meade and for two days baked light cakes for the soldiers, using a barrel of flour in that length of time. Mrs. Guillouma waited on and nursed the wounded, narrowly escaping death three times, and when the battle was over she was taken home suffering from black fever. She was not expected to recover but did so in a miraculous way. Mrs. Guillouma spent the greater part of her life in Canton. Her husband died there and Mrs. Guillouma spent the remaining years of her life with a daughter of her sister, Mrs. Howard Fritch. Her last visit to York Springs was six years ago.

## THREE DAY JANUARY COURT PEN PICTURE OF PINCHOT

## ONE AUTO CASE INVOLVING AS- SAULT AND BATTERY. DRAWN BY REPUBLICAN STATE TREASURER SNYDER.

Jury Found Driver Guilty—In Effect That Blow on Car Struck Upset It and Caused the Battery.

The January Court with nineteen new cases on the criminal calendar and seventeen old cases on the trial list of civil cases, lasted into the third day and resulted in only three cases going to the Grand Jury one criminal case being tried and all the civil cases were settled or continued.

The three cases acted upon by the Grand Jury were:

Com. vs. Amos R. Wilkinson, charged with fornication and bastardy on oath of Mae M. Butler, was found a true bill, and process issued for defendant.

Com. vs. Summerfield Stotler, charged with assault and battery was found a true bill and defendant was paroled for one year on condition that he behave and conduct himself in a peaceable and law abiding manner.

Com. vs. M. F. Spangler, charged with assault and battery, and was found a true bill.

The Spangler case was tried, the jury being chosen on Monday. It was an automobile case. M. F. Spangler lives in Red Lion, York county, and was represented by Wm. Hersh, Esq., and Assistant District Attorney Raymond Herman, of York. The prosecutor was Albert A. Shaffer, of Baltimore, whose machine was driven by his son-in-law, H. G. Barnesly, of Baltimore, and in the car was Miss Shaffer, Mrs. Barnesly and two Barnesly children. They alleged that the Spangler car struck the Shaffer car on the pike near Littlestown in passing and the latter car was turned into a ditch and upset, the six occupants escaping serious injury, but the car being badly smashed. The testimony involved whether or not the horn of Spangler car was sounded, a conversation between Spangler and Shaffer, in which latter said that Spangler admitted he was in fault, which Spangler denied. Spangler in his defense stated that he was not aware that he struck the other car but found an abrasion on the side of the tire about ten inches in length and alleged that the accident happened after he had passed the Shaffer car. Former District Attorney Topper conducted the case for the Commonwealth at the conclusion of the evidence on Tuesday, the attorney addressed the jury. On Wednesday morning President Judge D. P. McPherson charged the jury. The jury after considering the case for an hour brought in a verdict of guilty against Spangler. Counsel for Spangler after verdict was rendered, moved for a new trial and an arrest of judgment.

This was the first Court ever held in the county at which women jurors served. Rebecca Adams, of Menallen township, was called and reported for duty. Esther Lerew, of Latmore, was called, but was excused, being out of the county at the present time. The first named was not called to serve on the only case tried at this court.

When the constables were called the following returns were made: Roads were reported out of repair in Mt. Pleasant township, Freedom township, Berwick township. Rails were down in Butler township, drain closed in first ward of Gettysburg. A bastard child was reported born in Littlestown, reputed father Wm. E. Carr.

The Grand Jury being called, E. C. Moser was appointed foreman.

Raymond F. Topper, Esq., was appointed Assistant District Attorney for the January sessions.

In the case of Com. vs. R. M. Wal-lach, charged with false pretense by Charles Trostle and Mrs. Harrison Frazer and with larceny as bailee by C. C. Trostle, Emma Trostle and Margie E. Trostle, five cases in which the National Security Company of New York was the surety for appearance of defendant and defendant being called and the surety to produce the body of defendant the bail was forfeited. The bail amounted to \$10,000.

Com. vs. John Sell charged with operating a motor vehicle while under the influence of intoxicating liquor, entered a plea of guilty and defendant was sentenced to pay a fine of \$100 and pay the costs of prosecution.

Com. vs. George Brown, charged with transporting intoxicating liquor, plead guilty to the charge and was sentenced to thirty days in jail and a fine of \$100, costs and the costs.

Gubernatorial Courtesy Is As Rare As Sweetness In A Green Persimmon.

Charles A. Snyder, Republican State Treasurer, has drawn the following pen picture of Gifford Pinchot for the benefit of the Republican voters of the State, who are asked not to send Pinchot to the Republican National Convention. He says:

"He is not a Pennsylvanian in spirit, and has no sympathy or affection for its people, its traditions, nor its history. Of the thirty Governors of the State, he is the only one who was neither born nor reared in infancy and childhood within its borders. In the sweep of two centuries of worthy attainments, the archives of the Commonwealth, local or State, fail to disclose anyone by the name of Pinchot has added as much as an aspiration to the military prowess or civic endeavor of the State. He has never recognized its splendid achievements, and his speeches are replete with how he is going to correct the evils committed by our forefathers. He is a periodic sojourner here, and his migration dates from the year 1914, when he was suffering with the delusion that Senator Penrose political power was waning. Discovering his mistake, he withdrew, and after the death of Senator Penrose again made Pennsylvania an abiding place. After a season of criticism of the forestry administration of the State, he was made a member of the Commission, and finally the head of the Department at a salary of \$3,000. In this position, he defeated the intent of the Constitution by the sharp practice of resigning and securing a re-appointment over night with an increased salary. He then established an absentee record unequalled in the State, which has been matched only by his absentee record as Governor.

## CALLED AMBASSADOR.

"Now he has found his duties so few that he finds time to invade the national domain, and has superseded the thirty-six Congressmen and the two United States Senators as self-appointed ambassador from Pennsylvania, and is conspiring with a radical or two to have Congress enact legislation for a compact of state to regulate an industry and a commodity native to the soil of Pennsylvania, thereby casting a blot upon its sovereign power.

"He is not a Republican. His repudiation of the party a decade since, his continuous criticism of President Coolidge, Secretary Mellon and their manner of administration, shows that now he has no national Republican affiliations. His constant vociferation of the misdeeds of the many Republican administrations in Pennsylvania shows his contempt and his scorn for members allied with the party, and at present he challenges the whole organization by his silence as to whom he will support for President, regardless of who is for him. His entire political course shows that he is an individualist unconfined, and allied only with that organization that brings notice and benefit to one Gifford Pinchot. He is by and large a political squatter in our Commonwealth.

## ELECTED IN A STORM.

"As Governor of the Commonwealth he was cast into office through a political storm, and while that was raging he was proclaiming the infamy of the State, his pledge to reduce taxes and the establishment of a 'clean government.' He promised Mrs. McCauley that for her support and influence in his behalf he would retain in office the then Superintendent of Public Instruction, Dr. Thomas E. Finegan. For the nomination for Governor he admitted the expenditure of over \$130,000, a greater amount than has ever been known to be expended by any individual for any office in Pennsylvania; and since his abuse of the State's payroll, is it not pertinent to believe that he took many liberties with his own personal accounts?

"As Governor one of his first acts was to demand the resignation of the Superintendent of Public Instruction, signed in blank—an infamous request. For this he was nationally condemned at the meeting of the National Educational Association in San Francisco in 1923, which declared his flagrant violation of his trust as Governor of a great State by offering the appointment to public office under conditions so humiliating as he attempted to inflict upon Dr. Finegan.

## DON'T LIKE ASSOCIATES.

"As Governor he has surrounded himself with many men of socialistic tendencies, personages from other jurisdictions, of unknown antecedents and of unintelligible expertness, and has brought under his banner that type of men and women whose business is theory and whose diversion is to work upon the credulity of well-meaning rich women and men, whose fortunes were inherited from fathers who made it in a business these beneficiaries are now condemning.

officials in the service of the State for eighteen years, while pledging himself to the continued civil service rule; to wit, the case of George H. Biles, ex-State Highway Commissioner. He has closed hospitals, practically shut up Mont Alto Sanatorium and reduced appropriations to the beneficent institutions of the State in the name of 'economy', while on the other hand increasing salaries at a million-dollar pace. He has even violated his own 'Code' in attempting to remove Dr. Donehoo, State Librarian, an eminent scholar and a highly respected officer of the Commonwealth, upon the sole proposition that 'I am the State!' He has borne false witness to every agency of the Commonwealth; has adopted secret police and their tactics; has in magazines and journals broadcast that fiction of '\$10,000 saving per day, knowing it to be false and without foundation; misused the State's payroll and violated the law of order and safety and the Declaration of Rights of our Constitution by ordering the State police to 'break up the law to keep the law.'

## THE POLITICAL SIDE.

"He has been unfaithful to every political trust and to his chiefs. While serving under Taft, he was 'boring from within'; if my information is correct, while a member of the Belgian Relief Commission he was charged with 'boring from within'; and the whole Commonwealth knows that when he was a member of the Sprout administration 'boring from within' was his chief business. Notwithstanding the fact that one of his first mandates after becoming Governor of the Commonwealth was to demand absolute political and personal loyalty from every appointee under him, down to the most menial, with the injunction that he would permit no 'boring from within,' it is admitted to-day that he holds the record in the nation as a 'borer from within.'

"In the Republican National Convention he would be, and will be, if elected, a source of great mischief, and will bring into that forum an intrigue and a bloc such as will reflect only indignity upon the other delegates and make Pennsylvania the ridicule of its sister States.

"I am unalterably opposed to him as a candidate to the Republican National Convention, either for courtesy or for other reason. Courtesy in him, in fact, toward any officers of the Government, beginning with the President of the United States, is about as rare as sweetness in a green persimmon.

## KICKS ON HARMONY.

"There can be no other reason advanced that he should go to the convention unopposed than for the purpose of trying to 'stop a scrap.' This is fatuous and without substance. In the first place, in the convention he would be out of place, because these delegates are red-blooded men and women, and everyone in the Commonwealth knows they are not the kind of associates that Governor Pinchot is seen with. To let him go as a delegate for the sake of 'peace' a Pinchot peace—will not be accepted, I believe, by the Republicans of the State. I protest against his being accepted as a delegate, and will exert every influence I can command to prevent this foisting upon the Republicans of Pennsylvania a man who is not pledged to any candidate, who, we know, will not support any candidate that the people of Pennsylvania desire, and who is and will be, if he goes unopposed, the only delegate that no one knows whom he is for. I am for a fight and to continue the Republican party of men and principles, and not of non-combatants and dogmas."

## BOARD FULLY ORGANIZED

## County Commissioners Electing The Full Quota of Officials.

The County Commissioners on Tuesday broke the deadlock that has existed for the last three weeks. The Democratic members of the Board got together on appointments and the five officials elected are Democrats. The Clerk to the County Commissioners is Raymond E. Deardorff, a well known teacher of Franklin township. His salary was fixed at \$1900, a saving of \$500 from amount previously paid by the Republican Board. Four years ago the salary had been increased to \$2400 which created much dissatisfaction throughout the county. The Democratic commissioners made their campaign on issues of economy and the cut in this salary was one of the results.

John E. McDonnell, of Gettysburg, was named as Sealer of Weights and Measures. The salary of this office has been fixed by law at \$1,000 a year and expenses and the latter are expected to be submitted and settled monthly.

C. S. Duncan, Esq., was chosen the attorney and the salary was reduced from \$500 to \$400. Frank Shelly, was elected janitor at the Court House and Dr. H. M. Hartman physician to the jail.

**Mark Sullivan Says of Hull, Chair-  
 man Democratic National Com-  
 mittee.**

At the closing session of the Demo-  
 cratic National Committee meeting  
 Clark Howell, of "The Atlanta Con-  
 stitution," who has the record of the  
 longest continuous service on the  
 committee, said in all his thirty-two  
 years he had never seen a better  
 morale in this committee than at this  
 meeting.

## Democratic Chairman

He laid emphasis on the high  
 quality of the membership, on the  
 spirit of reasonableness, on an en-  
 thusiasm and especially its harmony.  
 Mr. Howell mentioned these things  
 not in any spirit of collective self-  
 congratulation, but merely as a pre-  
 lude to a resolution of thanks to the  
 present chairman of the committee,  
 Representative Cordell Hull, of Ten-  
 nessee.

All Mr. Howell said is true. With  
 proper hesitancy about the danger of  
 the use of superlatives, a fairly ex-  
 perience observer is tempted to say  
 that this meeting in its personnel and  
 in the major spirit in which it con-  
 ducted its deliberations, probably was  
 one of the most impressive political  
 gatherings, whether of a national  
 committee or of a general conven-  
 tion, in the present generation.

Also, Mr. Howell was correct when  
 he gave much of the credit of it to  
 Chairman Hull. When Mr. Hull was  
 put forward something over two years  
 ago as a compromising chairman the  
 committee was woefully divided into  
 factions and its morale was still un-  
 der the blighting effect of a recent  
 and disastrous defeat. That a wholly  
 different spirit now pervades the com-  
 mittee is an illustration of the fact  
 that the mere presence of a man of  
 high character and sound mind can  
 give off emanations from his person-  
 ality such as to elevate the tone of  
 the entire group with which he is  
 associated.

Representative Hull is not the go-  
 getter type that is often considered  
 desirable in a position where capac-  
 ity as a hustling organizer and an ac-  
 tive collector of party funds is sup-  
 posed to be important. He is a man  
 of gentle and modest personality,  
 with high character and good brains.  
 As such he has been able to bring  
 the Democratic national organization  
 to an elevation that impresses itself  
 on all observers.

## Health Talk.

In co-operation with the State De-  
 partment of Health's educational  
 campaign, Dr. J. T. Rugh, Professor  
 of Orthopedic Surgery, Jefferson  
 Medical College of Philadelphia says:  
 "The so-called 'flat foot' problem  
 is one of shoes. True flat-foot is  
 not a common condition and, when  
 it does occur, is so complex as to be  
 beyond the ability of the shoemaker,  
 the shoe-salesman and the instru-  
 ment maker to treat successfully.  
 Ninety percent of cases called flat-  
 feet is merely weak feet, which arise  
 from faulty shoes in the vast major-  
 ity of instances. If people would in-  
 sist upon being fitted with a shoe  
 which corresponds to the shape of  
 the foot and that it be long enough  
 to permit free function of the toes,  
 there would be few cases of weak,  
 disabled and distorted feet and still  
 fewer of flat feet. The foot does  
 more work than any other part of  
 the body, excepting the heart, and is  
 usually compelled to do it in short  
 shoes which cramp it and weaken  
 the muscles. The use of X-rays in  
 the fitting of shoes is of no value in  
 the hands of the shoe-dealer except  
 to help him to sell shoes. When a  
 shoe is long enough, the great-toe  
 joint will lie just above the turn in  
 the sole where the shank begins,  
 when the person is standing with the  
 full weight upon the foot.

Three-fourths of the body weight  
 should rest upon the heel and one-  
 fourth upon the sole and when the  
 heel of the shoe is more than 1 1/2  
 inches high, this proportion becomes  
 seriously disturbed and causes strain  
 which promotes disability. Do not  
 waste money on arch-supports and  
 "specially made" shoes, as in the  
 great majority of cases, the are not  
 properly fitted nor indicated in the  
 individual case. Again, it should be  
 most strongly emphasized that the  
 foot problem is a shoe problem and  
 there is no such thing as a universal  
 shoe, for feet differ as much as  
 fences, and each person must be fit-  
 ted individually.

# TO HOLD FARMERS SCHOOL

SESSION IN COURT HOUSE FEB.  
 5, 6 AND 7.

Specialists From State College Will  
 Instruct. Special Sessions For  
 Farmers' Wives.

Brass Tacks of the Adams County  
 Agricultural Extension Association:  
 1. Efficient Marketing.  
 2. Profitable Farming.  
 3. Better Rural Life.

Attending the Farmers' School will  
 give you new light on the proper bal-  
 ance of each. In addition growing  
 two blades where one grew before.  
 Adams County farmers would be  
 ahead of the game by growing what  
 the public wants. The wives through  
 the Home Economics Extension Spec-  
 ialist will have a big part in the de-  
 velopment of better rural life for Ad-  
 ams County for with more profitable  
 farming, a farmer is going to spend  
 the money that he does get where it  
 will bring him satisfaction. By at-  
 tending the sessions of the Farmers'  
 School, every farmer and his wife  
 should be dollars and cents ahead of  
 the game.

Farmers and their wives of Adams  
 County are urged to attend the Farm-  
 ers' School to be held in the Court  
 House, Gettysburg, Pa., beginning at  
 10 A. M. and 1:30 P. M., each day.  
 County Agent Underwood has secured  
 some of the best talent for those ses-  
 sions of instructive lectures for this  
 occasion. The Adams County Agri-  
 cultural Extension Association has  
 planned to make this three days in-  
 clusive instruction of more economic  
 value than has yet been held in Ad-  
 ams County.

**Program.**  
 Tuesday, Feb. 5th, at 10 A. M., Dr.  
 E. L. Nixon, potato wizard of the  
 State, will open the first session with  
 a lecture on "Spuds and the Possibil-  
 ities of Potato Growing in Adams  
 County."

At 11 A. M. of the same day, Miss  
 Pearl Shackelford, Home Economics  
 Extension Specialist for York, Frank-  
 lin and Adams Counties, will talk on  
 "Home Decoration" (with illustra-  
 tions), giving hints for spring clean-  
 ing and how to make house cleaning  
 easier.

Tuesday afternoon at 1:30 Dr. H.  
 H. Havner, of State College, will talk  
 on problems of the pork producer as  
 applied to Adams County. It is a  
 well known fact that pork production  
 in Adams County has been somewhat  
 of a discouraging proposition. Never-  
 theless, we firmly believe that  
 farmers who are keeping good hogs  
 will have a very profitable source of  
 income in the next two years if eco-  
 nomic methods are practiced. Dr.  
 Havner will have some very new and  
 interesting material to present in  
 this lecture.

Dr. Nixon will again take up the  
 second period in the afternoon start-  
 ing at 2:30, when he will go into de-  
 tail on results of Lime Sulphur  
 Spraying versus Dust for fruit and  
 potatoes.

The third period at 3:30, Miss  
 Shackelford will give a talk on "Nu-  
 trition and Planning Meals for the  
 Family."

Wednesday, Feb. 6th, at 10 A. M.,  
 Nicholas Schmitz will talk on "The  
 Economic Use of Lime and Its Needs  
 on Adams County Farms," explain-  
 ing some of the new methods of soil  
 testing for acidity, etc.

Again at 11 A. M., Miss Shackel-  
 ford will have a special session de-  
 voted to sewing for the ladies in the  
 Arbitration Room of the Court  
 House. Miss Brown of State College  
 will give instructions for making  
 bound button holes, set in pockets,  
 uses of edge finishes, etc. This will  
 also be continued in the afternoon  
 if those present wish a fitting de-  
 monstration Miss Brown will be glad  
 to give one. This will be optional  
 on the part of the ladies present. La-  
 dies are requested to bring with them  
 on Wednesday, needles, pins, thim-  
 ble, tape and scissors.

Wednesday afternoon at 1:30 Nich-  
 olas Schmitz will give a lecture en-  
 titled "Brass Tacks of Alfalfa Rais-  
 ing in Adams County." At this time  
 we will have an open discussion on  
 legumes and will test any samples of  
 soil for acidity which may be brought  
 in. In taking the soil samples, if the  
 ground is frozen, dig down with a  
 mattock or pick and get three or four  
 samples of soil in a field and have  
 them reasonably dry when they are  
 presented for testing.

Thursday, Feb. 7th, at 10 A. M., L.  
 W. Steelman, poultry extension spe-  
 cialist at State College, will talk on  
 problems of hatching and rearing of  
 chicks, and will give an egg grading  
 and packing demonstration at 11 A.  
 M.

The afternoon session at 1:30 will  
 be given over to a lecture on "Prun-  
 ing" by Paul Thayer, extension pom-  
 ologist of State College.  
 The second period at 2:30 P. M.,  
 Mr. Thayer will discuss the advan-  
 tages of having and caring for the  
 farm berry patch.

R. E. UNDERWOOD,  
 County Farm Agent.

## DEATHS.

(Continued from page 1.)

From the Cathedral, in Baltimore, on  
 Wednesday, with a high mass of re-  
 quiem, followed by interment in a  
 Baltimore cemetery.

Mrs. Mary E. Lerew, wife of John  
 Lerew, died at her home in East Ber-  
 lin on last Saturday after an illness  
 of two weeks from heart disease,  
 aged 74 years, 4 months and 2 days.  
 She is survived by her husband and  
 two children: Paul P. Lerew and  
 Mrs. C. L. Baker, both of East Ber-  
 lin. Funeral was on Thursday with  
 services at the East Berlin Church of  
 the Brethren and interment in the  
 cemetery adjoining Mummert's meet-  
 ing house, near Abbottstown.

Miss Elizabeth Hartley died at the  
 home of Mrs. B. F. Stansbury, near  
 Emmitsburg, last week. She had

# How We Spend Your Money in building Studebaker cars Why people buy 150,000 yearly

**I**T is true that we spend lavishly  
 on Studebaker cars. But it's all  
 to your advantage.

It is by that spending that we give  
 you the greatest value in the fine-car  
 field. We offer prices no one matches  
 on any comparable cars.

That lavish spending led people  
 last year to pay \$200,000,000 for  
 Studebaker cars. And that volume  
 brings our prices down to where they  
 are.

## \$50,000,000 in plants

Studebaker assets are \$90,000,000.  
 In modern plants and equipment we  
 have \$50,000,000. Seventy per cent  
 of that amount was spent  
 in the past seven years.  
 So it represents the last  
 word in equipment.

\$8,000,000 in drop forge  
 plants, so every vital part  
 is made to Studebaker  
 standards.

\$10,000,000 in body  
 plants, so Studebaker  
 ideals may be shown in  
 every body.

All that is staked in a  
 permanent way on sat-  
 isfying fine-car buyers bet-  
 ter than our rivals.

## What extras cost

Lack of vibration is a  
 famous Studebaker fea-  
 ture. We get that by ma-  
 chining crank shafts as  
 they were in Liberty Air-  
 plane Motors. That extra  
 cost is over \$600,000  
 yearly.

Matchless endurance is another  
 famous feature. One Studebaker Six,  
 still in active use, has run 475,000  
 miles since 1918. We get that through  
 costly steels. On some we pay 15%  
 bonus to makers to get formulas exact.

Beauty of finish is another su-  
 premacy. But that finish requires  
 many operations, including 15 coats  
 of paint and varnish.

Our real leather cushions cost \$25  
 per car over imitation leather.

Every Studebaker car is Timken-  
 equipped. The Special-Six and the  
 Big-Six have more Timken bearings  
 than any car selling under \$5,600 in

America. The Light-Six more than  
 any competitive car within \$1,000 of  
 its price.

In closed cars we offer wondrous  
 luxury. The lining is Chase Mohair,  
 made from the fine fleece of Angora  
 goats. Velour would cost about one-  
 third that, saving up to \$100 a car.

Note those bumpers, that steel  
 trunk, those extra disc wheels with  
 cord tires on some models. Note that  
 extra courtesy light. Think what  
 they would cost if you bought them.

## The cost of care

The unvarying standards in Stude-  
 baker cars are fixed by a department

Then we pay extra for continuous  
 service. Last year, 13,000 men in our  
 factories got anniversary checks—  
 total \$1,300,000. After five years of  
 service those checks amount to 10%  
 of their wages.

We spend \$2,000,000 yearly on our  
 co-operative work for men.

Every year we give factory em-  
 ployes one week's vacation with pay.  
 That cost us \$225,000 last year.

We sell them stock on attractive  
 terms. We retire old employes on  
 pensions.

All this to keep men happy, to  
 foster morale, and to keep men with  
 us when they develop  
 efficiency.

## Not extravagance

Do such things seem  
 extravagant? They are  
 not. All those extra dol-  
 lars save more dollars for  
 our buyers.

They result in the cars  
 you see, in the prices and  
 values we offer. Nothing  
 else in the field can com-  
 pare.

Those values have re-  
 sulted in a demand for  
 150,000 cars per year.  
 That volume cuts our  
 costs in two, as compared  
 with limited production.

The cause of over-  
 prices—under-values—  
 is not lavish expenditure.

## It is

Limited production,  
 Heavy overhead,  
 Out-of-date machinery,  
 Antiquated methods,  
 Non-economical plants,  
 Transient labor,  
 Discontented workers.

We've eliminated those things.  
 We've done it at what seems to you  
 a heavy cost per car. But each of  
 those extra dollars saves \$5, we be-  
 lieve. Note what values and what  
 prices have resulted. Note the amaz-  
 ing demand—the overwhelming de-  
 mand—it has brought for Studebaker  
 cars.

 has also lived in Baltimore. Funeral  
 was held on last Saturday, with ser-  
 vices by Rev. W. S. Jones, of Thur-  
 mont, and interment was in Mt. Oli-  
 vet Cemetery, Baltimore. Her near-  
 est relative is a sister, Miss Kate  
 Hartley, of Baltimore. She was a  
 first cousin of Howard Hartley, of  
 Gettysburg.

**John Palmer** died January 24 at the  
 County Home, Gettysburg, aged 81  
 years, 10 months and 23 days. He  
 was born and lived all his life in Mt.  
 Pleasant township, until four years  
 ago, when he moved to the County  
 Home. Burial was made at the Alms-  
 house Cemetery.

**Jeremiah Shelly** died on Monday at  
 the home of his daughter, Mrs. E. C.  
 Kister, York, aged 84 years. Mr.  
 Shelly was one of the few persons  
 born on Hill Island in the Susquehanna  
 River opposite Goldsboro. From  
 there he moved to York  
 Springs, Adams county, and it was  
 while at the latter place that he be-  
 came popular at the sessions of the  
 farmers' institutes as a speaker and a  
 humorist. His occupation at York  
 Springs was that of a farmer. Mr.  
 Shelly was the first to note the nat-  
 ural beauty of the spot known as the  
 Picketts along the Conewago creek.  
 He built the first bungalow there and  
 resided in one of them for years. It  
 was just before his affliction that he  
 took up his residence with his daugh-  
 ter in York. Besides his widow he is  
 survived by three sisters: Mrs. Hen-  
 rietta Griest, of York Springs; Mrs.  
 Maggie Becker of El Dorado, Kansas;  
 Mrs. Addie Hickey, of Great Falls,  
 Montana, and half brother, David  
 Shelly, of Boiling Springs; three  
 daughters and one son, Miss Sue  
 Shelly, of New York City; Edward  
 Shelly, of Philadelphia; Mrs. Annie  
 Fager and Mrs. E. C. Kister, both of  
 York.

**Emory C. R. Pitzer**, a well known  
 farmer of near Biglerville, died at his  
 home near Wenksville Tuesday af-  
 ternoon following a three weeks' ill-  
 ness. He is survived by his wife and  
 the following children: Mrs. Paul  
 Hoffman, Biglerville R. 2, and Har-  
 ve, Marv, Pearl, Paul, Maurice and  
 Ruth, at home. He was a son of the  
 late Mr. and Mrs. S. M. Pitzer, of  
 Bendersville, and is also survived  
 by one sister, Mrs. George Pe-  
 ters, of Bendersville, and four broth-  
 ers, Harry Pitzer, of Aspers; Samuel  
 E. Pitzer, of Bendersville; Willis Pi-  
 zer, of Arendtsville, and Ira D. Pitzer,  
 of Biglerville R. 1. Funeral will be  
 on Saturday, with services at Wenks-  
 ville Lutheran church, of which he  
 was an active member, by Rev. W. D.  
 E. Scott, assisted by Rev. C. F. Floto,  
 of Harrisburg, and interment will be  
 made at Bendersville.

**Theodore Miller**, life long resident  
 of Huntingdon township, of Gard-  
 ners, R. 1, died at his home Friday  
 evening of last week of paralysis,  
 aged 72 years, 6 months and 13 days.  
 He is survived by his wife, four sons,  
 John D. and Charles F., of Gardners  
 R. 1; Harvey K., at home, and Curtis  
 J., of West Virginia; three brothers,  
 Daniel Miller, of Waynesboro; Mon-  
 roe Miller, of Harrisburg, and John  
 Miller, of Missouri, and two sisters,  
 Miss Rachel Miller, of Heidelsburg,  
 and Mrs. Frank Miller, of York  
 Springs. The deceased was a son of  
 the late James and Hannah Miller, of

 were held on Tuesday at Ground Oak  
 Lutheran church, near Gardners, by  
 Rev. H. H. Flick, with interment in  
 the cemetery adjoining the church.

**Mrs. Catherine A. Bigham**, wife of  
 James Bigham, died at her home near  
 Fairfield Monday, aged 44 years, one  
 month and 11 days. Mrs. Bigham  
 was married twice and is survived by  
 her second husband and the follow-  
 ing children: Mrs. Mervin Kepner, of  
 Virginia Mills; Clarence Trestler, of

Harrisburg; Lillie Trestler, at home,  
 and Goldie Bigham, at home. Two  
 brothers, Jacob Weddle, of Emmits-  
 burg, and Charles Weddle, of Hagers-  
 town, also survive. Funeral was on  
 Thursday, with services by Rev.  
 Ralph W. Baker and Rev. Walter C.  
 Pugh, with interment in the United  
 Brethren cemetery, Fountain Dale.

**Thomas J. Brennan**, father of Dr.  
 Michael J. Brennan, of McSherry-  
 town, died at his home in Shamokin,  
 this State, on Thursday of last week.

 Rev. Walter C. Pugh, and interment

## Shirt Sleeve Diplomacy.

A recent cartoon in the Portland  
 Oregonian shows General Dawes sit-  
 ting on a high stool in his shirt  
 sleeves at the Reparation Commis-  
 sion table which is surrounded by a  
 group of European diplomats garbed  
 in full dress with gold braid and all  
 the tinsel that went with officialdom  
 of the past. Under the table each of  
 these diplomats has a keg of powder,  
 a revolver, bowie knife or some other  
 instrument of warfare with which  
 he hopes to gain an advantage over  
 his neighbor.

General Dawes silently watching  
 from his stool says: "Gentlemen,  
 while I am here, we will play all the  
 cards on the table." Consternation  
 appears on the faces of the diplo-  
 mats as Dawes makes this statement.  
 For five years jealousy, intrigue, per-  
 sonal ambition and greed have domi-  
 nated in place of an honest desire  
 to settle the reparations tangle.

The only aim of the American  
 members of the Reparations Com-  
 mission is to secure an early and  
 peaceful settlement of the financial  
 troubles of Germany which are up-  
 setting the industrial rehabilitation  
 of all of Europe today.

"Diplomatic poker players" in Eu-  
 rope are not going to put over any  
 sleight-of-hand tricks on "Hell and  
 Maria" Dawes or O. D. Young while  
 these gentlemen act as representa-  
 tives for the United States on the  
 Reparations Commission.

The American members of the Com-  
 mission are paying their own ex-  
 penses and are living illustration of  
 "shirt sleeve diplomacy" which will  
 appeal to every red blooded Ameri-  
 can and give new hope to millions  
 of befogged and befuddled European  
 citizens.

THE UNIVERSAL CAR

## Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put your order on the preferred list for spring delivery.

### "A COMMON COLD DESERVES YOUR PROMPT ATTENTION"

#### TAKE FATHER JOHN'S MEDICINE

"A common cold deserves your immediate and serious attention"—so writes a well-known physician. In pointing out the danger of neglecting a cold.

"Early treatment of a cold will spare you days of suffering and danger," he says. "Doctors will tell you that colds are very likely to develop into serious and even fatal diseases if they are neglected. Many doctors prescribe Fat John's Medicine because they know it has cured over 65 years of success for colds and coughs. It builds new strength, throws off the cold and prevents its development into more serious trouble. No drugs—all pure food."

Let Robert J. Cook, 245 N. Stratton St., tell it. He says: "My kidneys got out of fix. I felt mighty lame in the small of my back mornings and when I tried to bend, sharp, stinging pains ran through my back and when I went to lift anything a pain cut me through it which felt as if it were congested and I was out of condition in every way. Doan's Kidney Pills had been used in my family, so I got some. They went right to the trouble and fixed me up and put my kidneys in good condition again."

HELPFUL HINTS  
by Alida

Once I took a course known as "House Management." It was very instructive and I think it might help some of my readers in problems encountered every day. The teacher of our class was a middle-aged woman with information that had been over twenty years of actual experience to acquire. I was extremely interested in the practical experiences she was telling about. I took notes, and from them I have prepared the column below, which I hope will interest you.

## "HOUSEHOLD MANAGEMENT"

**The Kitchen**  
Utensils.—We might call the kitchen the main room in a house, so in planning a home let us start with that. The first thing that should be remembered is to have the utensils together—together, but in a place where they are to be used. This will save much running and a loss of time and energy.

**Lighting.**—Then consider the light. A good light is essential. A light that hangs from the middle of the room is not good, because it casts light directly in one's own eyes. For instance, if you put a lamp in the oven, you are standing with the light behind you. To remedy the light, if possible, stand to the side walls. This will give you a better light without casting shadows.

## Adams County Dairymen Meet.

The Adams County Milk Producers Association met in the Arbitration Room of the Court House, Saturday evening January 26th. J. C. Bream, President of the Association, called the meeting to order and explained to about twenty milk producers present the necessity for united action in view of the present milk situation. The following resolution was adopted and a motion made that it be published in order that patrons of the Pennsylvania Milk Products Company of Harrisburg might know what was being done.

Whereas the receipt for the Pennsylvania Milk Products Company has been appointed and believing that matters should be more easily facilitated and payments made to those who patronize the Pennsylvania Milk Products Company of Harrisburg may owe to milk be it resolved.

That the members of the Adams County Milk Producers Association favor continuing selling their milk to the Pennsylvania Milk Products Company of Harrisburg for which it is understood all milk delivered will be paid for as due.

R. E. Underwood, County Agent.

Temporary Secretary

## A Message to Ex-Service Men.

Life Insurance was and is intended for the masses. It is an institution whose benefits can be and should be obtained by the bread-winner. In order that ex-service men may obtain the benefits of standard life insurance at reasonable rates, the United States Government is offering six types of policies, namely:

Ordinary Life Plan.

30 Payment Life Plan

20 Payment Life Plan

20 Payment Endowment Plan.

30 Year Endowment Plan.

Endowment Plan Maturing at the age of 62.

Every one of the above plans provides for liberal guaranteed values—liberal in the true sense of the word—for after a policy has been in force a year or more and should a person be unable to pay premiums thereon because of financial difficulties, he could obtain a cash surrender value; or obtain a loan equal to 94 per cent of the surrender value; or receive protection under extended insurance.

or turn in the policy for paid-up insurance.

For example, suppose a man is carrying United States Government

Life Insurance for \$1000 on the 20

year Endowment Plan issued at age

22. The monthly premium on this

policy is \$3.31. Now were the policy

holder to carry this insurance for

a year and then find that he could not

continue payment of premiums on account

of financial difficulties, he could

cash in his policy for \$32.71, or obtain

a loan of 94 per cent of the

foregoing amount; or become automatically

protected for the full amount

of the policy for a period of four

years and 193 days; or he could turn

in the policy for paid-up insurance

protecting him for \$59.10 for the rest

of his life. The longer that one continues

the insurance the greater becomes

the guaranteed value. It naturally

follows that the more money is

put in the more can be taken out.

These policies also contain the total

permanent disability clause for

which there is no extra charge.

In addition to these liberal features

a dividend is paid on all policies. In

fact United States Government

Converted Insurance has paid dividends

from its very inception. These dividends

have increased from year to year.
